

Credit Card „Stripe“ Payment option

How to pay via credit card by receiving an online invoice ?

As of September 2019, a regulation called **Strong Customer Authentication (SCA)** requires businesses in Europe to request additional customer authentication for online payments. Via the **STRIPE PAYMENT SERVICE**, we can also send you an online invoice with a link and option to fill in your credit card details on-line.

What do I receive – what do I need to do ?

First of all, we will send you our official invoice via E-mail as notification. We'll then generate your invoice for your credit card payment which you will receive via E-mail as well.
